

Farm Bureau Named Officers Thursday

Bond Sales Are Running Short

\$9,000 Needed to Finish Up June's Quota Before End of Month Wednesday

The sale of War Bonds in Randall county is running behind schedule, stated R. H. Wright yesterday.

With a quota of \$24,400 to be met by June 30, a total of \$9,903.75 must be sold during the last eight day period.

The total sales up to yesterday morning in Canyon was \$14,496.25.

Park Is Drawing Good Crowd With Plenty Campers

Attendance at the Palo Duro State Park this summer is good, states Frank Miller, concessionaire.

The total number of cars and the number of people are not quite so large as the attendance of last year, states Mr. Miller. But the rent of cabins and saddle horses is running above that of last year. Many soldiers visit the park every week.

The roads and crossings in the park are in excellent condition, states Mr. Miller.

The lower part of the park, below crossing 8, is being used for soldier maneuvers. This part of the park is seldom used by park visitors since the crossing and roads are not gravelled. A guard line is maintained to keep visitors out of the maneuver district.

Owing to gasoline rationing and restrictions of railroad and bus travel, Mr. Miller expects an increase in the use of the park during the summer and fall.

Navy Officer Is Home 15 Months Fighting Japs

Chief Petty Officer Walter W. Huffmyer of Dallas was here for a few days this week visiting at the home of his aunt, Mrs. W. S. Myers. He was accompanied here by Mrs. Locka Mae Doak, mother of Sgt. Alvah Doak, and a daughter of Mrs. Myers.

Chief Huffmyer is home on a 30 day sick leave. He has been in the navy for 26 years, and has returned from 15 months in the Pacific where he saw action on a destroyer. He was not privileged to tell of the actions in which he was engaged.

He was previously on a destroyer which accompanied Winston Churchill to America in December, 1941. After Churchill returned to London he sent a cable to each member of the crew expressing his appreciation for the protection. His message is highly treasured by the crew members.

Truck Gasoline May Be Renewed Mail Application

Truck operators may request their 3rd quarter gasoline by mail if that is more convenient than to go to the local Ration office.

When requesting truck rations, the owner is required to send certificate of war necessity.

Those wishing to make renewals at the office will find it on the second floor of the court house.

Demonstration of Canning Friday

The demonstration on Canning Fruits and Vegetables will be given Friday afternoon June 25, at 3 o'clock in the Canyon High School Home Economics laboratory.

Anyone interested in food conservation is invited to attend.

L.T. HINKLE IN TEXAS

Lt. Olin E. Hinkle has completed his training at Miami Beach, Fla., and has been assigned to Ellington Field, near Houston. He has been assigned in the Special Services Department of the preflight school.

Mrs. Hinkle and their sons have joined him there.

DICKERSON TO CALIFORNIA

Pvt. Gordon Lynn Dickerson has been transferred from Fort Sill to Camp Callon, Calif., where he is in Battery C. He went into the army three weeks ago and has been assigned to the band.

BUY MORE WAR BONDS!

Commissioner Clarence Beckman Heads Farm Group For the Coming Year

CLARENCE BECKMAN
President Farm Bureau

The Randall County Farm Bureau Association met Thursday, June 17, at the Court House, for the election of officers and other business. This is the annual meeting of the county board which is generally held earlier in the year but was delayed this year because of the rush of farm work. The following officers were elected:

Clarence Beckman, President. Wilson Campbell, Vice-President. Mrs. E. A. Michael, Secy-Treas. A. E. Wise, Executive Committee. L. E. Mason, Executive Committee. The executive committee is made up of the three regular officers and two additional members making a total of five on the executive committee. This committee meets on call at any time when the county board is not in session to look after the business of the County Farm Bureau Association.

The County Board of the Randall County Farm Bureau Association is made up of three representatives from each community.

Those attending the meeting last Thursday were: James Eddie Park, Mrs. E. A. Michael, Mrs. Lester Bryan, A. E. Wise, John L. Hammond, L. D. Winn, Jack Cage, Mrs. Jack Cage, Clarence Beckman, Vincent Friemel, L. E. Mason, E. W. Schaeffer, Walter Simon, B. E. McCormick, Emil Olson and W. H. Upchurch.

Two Calls Are Made For More Men In July

Two calls for men have been made on the Randall County Selective Service Board.

On July 2 one negro will be sent.

On July 4 the call is for 9 white men. At the meeting of the board Friday it found that this call, coming only 12 days after the call of yesterday, cannot be filled. There will not be sufficient time to have the men given a local physical examination and to classify them for induction. The board will send all of the men available, and will likely be called upon to finish out the call during the latter part of July or first of August.

Every man available in Randall county has been ordered up for physical examination.

Congress has called upon Selective Service to "make up its mind" about the induction of married men with children. So many confusing reports have been put out in recent months that no one knows how married men with children really stand. At the present time married men with children, who are maintaining a bonafide home, are not liable for military service.

Hot Weather Is In Order With 99 Temperature

The temperature has reached 99 degrees twice during the past week.

Tuesdays have proved to be the hottest days of the week, with this temperature being registered on Tuesday of both last week and this week.

High temperatures have prevailed all over the Southwest largely due to the drought which exists over such a large area.

WENT TO NEW YORK

Miss Sarah Thompson, daughter of Mr. and Mrs. Joe Thompson, left Tuesday for Life Camp in New York, where she has been selected one of the head counsellors for the summer session. The camp will last from June 28 to August 31.

Mr. and Mrs. A. B. Dawn of Tucumcari visited with Mrs. G. D. Bourland this week.

Harvest Hands Are In Demand

Citizens Should Send All Men Looking for Work to Office of County Agent

County Agent W. H. Upchurch is placing many harvest hands. Tuesday morning he had six boys sign up for labor, and distributed them to farmers in a very few hours.

As the harvest increases, the demand for harvest hands increases.

Mr. Upchurch has a waiting list of farmers who need harvest hands. He urges that all farmers who will need help should sign up at his office.

Citizens of Canyon who know of men wanting jobs are requested to send the men to Mr. Upchurch's office in order that they may be placed without delay.

Rotary-Lions Give Barbecue Friday to the Soldiers

The Rotary and Lions Clubs gave a barbecue Friday evening at Buffalo Stadium, honoring the officers and men in the 350th College Detachment.

A new group of men had arrived Thursday and one group was ready to be shipped to Santa Ana, Calif., Saturday.

Members of the two clubs prepared and served the meal, and afterwards washed the serving trays and silverware.

No meetings of the clubs were held Tuesday of this week due to this special meeting. Both clubs will hold meetings next Tuesday which will wind up the year for the clubs.

Thirty-eight members of the Will Rogers Range Riders from Amarillo joined in the entertainment for the air corps men and put on drills. Many of the boys of the detachment had never seen such performances.

Soldiers Using Target Range Northeast Canyon

Soldiers from the Amarillo and Dalhart fields are using the government rifle range northeast of Canyon for target practice. A large group of men from Dalhart were here for the week end. Groups are being brought from the Amarillo field at regular intervals.

The target range is the best in Northwest Texas. During the years that the late Capt. W. E. Lockhart was commander of Company F the range was improved very greatly.

WOMEN TO MEET

The Council of Church Women will meet at the Baptist Church Tuesday afternoon at 3 o'clock. A special program has been planned for the occasion.

Jealea Elliott of Tulsa spent this last week in the N. T. Dickerson home.

Boiling Water-Bath Is Not Sufficient Vegetable Canning

Every individual who plans to can vegetables this summer should be interested in the following information, believes Miss Frances Wilroy, Randall County home demonstration agent.

A letter from Mrs. V. A. Lawrence, published somewhere in the nation on April 26, recommends a boiling water-bath process for the home canning of non-acid vegetables. In this letter, based on the fortunate experience of herself and "dozens of women" she knows, she gave positive assurance that placing such vegetables as beans, peas, corn, spinach, etc., in boiling water-bath for one hour and 20 minutes would cause no harm, wastage or disappointment. A similar letter from another person was published on April 29.

On the basis of carefully controlled scientific experiments this is very dangerous propaganda. The bacteria that cause botulism, one of the most deadly diseases of man and animals, produces spores which are sometimes extremely resistant to heat. In one experiment in which 40 strains were tested, the survival time at the temperature of boiling water varied from 30 minutes to six hours; in another experiment the maximum resistance was five and one-half hours at this temperature, and one hour and 50 minutes at a temperature eight degrees above that of boiling water.

GROW IN NON-ACID FOODS
The bacteria that causes botulism grow in non-acid foods when strictly protected from air, as in the case in canned foods. The

Harvest Now Underway

Water Supply Is Getting Critical

Continued Drouth, Break in Well and Victory Garden Running the Supply Low

With one city well temporarily out of commission, the City Commission yesterday asked citizens to refrain from wasting city water until repairs are completed on the well.

The unusual drouth of 1943 had added a heavy burden on the city wells. There were 14,950,000 gallons of water pumped at the city plant during the month ending June 30. The largest amount of water ever pumped before at the city plant was 12,850,000 gallons.

There has been only 3.09 inches of rain in Canyon since the first of January, which is the smallest amount of moisture recorded here in many years.

The demand for water has increased because of the large number of Victory Gardens.

"Don't waste water," stated Commissioner S. B. Orton yesterday, and the city will go through this critical period without serious consequences.

Needless Travel Is Banned Saving Space For Troops

OPA officials have made an urgent appeal for civilians to stop unnecessary train and bus travel. More than 2,000,000 troops are being moved every month, says OPA, and civilians who make needless trips are only adding confusion to the already overtaxed transportation system.

Those who have been forced to make trips during recent months will testify to the fact that it is almost impossible to secure accommodations and it is impossible to make any kind of a trip in comfort.

Lt. Ogden Stroud Now In Africa

Lt. Ogden Stroud has arrived in Africa, according to word received by his parents, Mr. and Mrs. W. H. Stroud.

Lt. Stroud went by plane from America to Scotland, and was then transferred to Africa. He is a Technical Officer in the Air Corps. While in Scotland he played golf on one of the famous courses.

HAS OPERATION

Charles Stephenson, son of Mrs. Minerva J. Stephenson, received his degree from Texas Technological College at Lubbock June 1. About a week ago, Mr. Stephenson underwent a surgical operation at an Amarillo hospital.

Boiling Water-Bath Is Not Sufficient Vegetable Canning

spores that survive heating eventually germinate, although they remain dormant for weeks or even months. There is one case on record where they germinated after 22 months. After germination they multiply and produce one of the most powerful poisons known to exist which becomes mixed with food.

It is so deadly that in one case a person died from eating one piece of a string bean. In 1938 a woman in California opened a can of home processed corn, tasted it without swallowing any and threw the contents to her chickens, of which ten died the same day and five the next. She became sick within 30 hours and died of botulism seven days later. Food containing enough botulism poison to be deadly usually

The Canyon News a Winner!

(See editorial on page 2)

77 Years in Army

(U. S. Army Air Forces Photo From N.E.A.)
Three regulars line up at Laurel, Miss., Army Air Field, grouping 77 years worth of diagonal service stripes. Left to right are Master Sgts. Frank Humphrey, 29 years in Uncle Sam's Army, Robert L. Barlow, 27 years, and William T. Wheeler, 26 years.

Savings Possible Delinquent Taxes

Payments of 1942 Taxes in June Will Save Considerable Penalty and Interest

June 30 is the final day on which 1942 delinquent taxes may be paid at a considerable saving to the property owners.

This is also the final day for making the second payment under the split tax plan. While this plan is not used so much since the state started the discount plan on early tax payments, there are still many who prefer the split tax plan.

Starting July 1 delinquent taxes for 1942 will be charged with greater interest and penalties.

County Tax Collector M. E. Cantrell states that tax statements will be given to all who have delinquent taxes and wish to save on their tax bill.

JOE COOK ON TRIP

Joe Cook, son of Dr. and Mrs. Harris M. Cook, left Thursday to visit relatives in Memphis, Tenn., and New Albany and Columbus, Miss. Planning to spend about a month away from home, Joe was thrilled when he learned he would get to ride on the Rock Island Rocket.

Shop in Canyon regularly.

Miss Fleming Resigns From College Faculty

Miss Mary Katherine Fleming has resigned her position in the Home Economics Department. Miss Fleming came to West Texas State College in 1938 from Hardin Junior College, Wichita Falls. She has not announced her plans for the future. She will attend the summer session at Columbia University.

Miss Fleming has been the hostess at the Phebe K. Warner Home Management House where she had the major responsibility of making the experiences of the Home Economics majors who lived there happy and constructive. Miss Fleming was a member of the Pi Pi Chapter of Delta Kappa Gamma and was a member of the telephone committee for that organization. She is editor of the Texas Home Economics Association news letter. She is an active member of the American Association of University Women and of the Texas and American Home Economics Association.

President Hill says that Miss Fleming's successor has not been chosen.

Car Stamps Must Be Bought Before the First of July

The new Federal Stamp must be on all automobiles by July 1.

The stamp is a tax on every car and costs \$5.00. There is a \$5,000 fine for those who neglect to buy these stamps. Last July inspectors made every county in Texas soon after the first of July to see that stamps were affixed to every car.

These stamps are on sale at the postoffice.

Lewis Calls Off Coal Strike, But Men Grumbling

In a surprise move in Washington yesterday, John L. Lewis agreed with Harold L. Ickes to call off the strike of the coal miners, and ordered them back to work until October 31. The government has charge of the mines and will operate them.

Miners are reported disgruntled to have received a 20-cent per day increase in pay, and many of the 530,000 miners had refused yesterday to return to work.

Three Sons Doing Service in the Armed Service

Three sons of Mr. and Mrs. J. T. Sykes are in the armed service, and two have recently received promotions.

James Hindes, son of Mrs. Sykes, is in the Merchant Marine Troop Transport Service. He has been promoted to deck engineer.

Cpl. Ernest Sykes is a graduate of the Gunnery School and is now an Aviation Cadet at Sheppard Field.

J. T. Sykes, the youngest son, is an Aviation Cadet at San Antonio.

First Wheat Is On Local Market

High Test on Wheat as the Weather Stays Hot and Dry for Starting Cutting

Harvest is getting into full swing in Randall county this week.

The first loads of wheat to come to Canyon were brought in by Henry J. Meyer, Gus Leseberg and Henry Bradford. Mr. Meyer brought the first load Thursday afternoon. Two carloads of wheat have been shipped out by the Consumers Elevator, stated W. H. Stroud, manager.

Government loans are available on wheat at \$1.20 per bushel. The cash price in Canyon yesterday was \$1.19 per bushel. Those who have a considerable amount of wheat contemplate putting all of it in the government loan.

Only a few farmers started cutting wheat during the week end, but the number is being increased daily. By the end of this week combines will be running on every farm which has ample help for operation.

Due to the continued dry weather tests will run high on the wheat. The first load brought in tested 62.

There has been too small an acreage harvested so far to indicate a possible yield of the wheat crop. Reports from other counties which were more advanced than Randall indicate that the wheat is making a little more than the average of last year. Observers still believe that the yield in Randall county will not be more than half of the total of last year's record crop.

June Group of Men Take Exams Lubbock Wed.

Men leaving Canyon Tuesday afternoon for Lubbock where they took their physical examinations yesterday were:

Charles Edward Donnell, Calvin Hallar Handy, D. Raymond Oldham, R. T. McDaniels, William Noel Evans, Charlie Everett Hicks, Robert Earl Elkins.

William Allen Craighead, Robert Emmett Garrett, Robert Benjamin Nutt, John Archer LeGrand, Danie Mack Gillham, Wayne Cay Talbert, Leonard Franklin Cowden, William Howard Perkins, Marvin Wells Davenport, Jr., J. W. Dennis, James Bradford Tubbs, Thomas Helge Larson.

Three men were transferred to other counties: Roy V. Harvey, Lubbock; James Lowell Hickox, Potter; Howell Elton Windham, Del Norte, Colo.

Three men volunteered and have been accepted: John Kimmins, Charles Ernest Frances, Henry Radey.

Four men were transferred here and went with the Randall county men: Gerald F. Ludlum, from Lipscomb; Allan Edson Lee, from Montana; Cloice William Childers, from Nueces; Jarvis Elery Dickinson, from Colorado.

Donnell was accepted in the Marines and sent immediately to El Paso.

Accepted were: Handy, Oldham, Evans, Craighead, Garrett, Talbert, Cowden, Perkins, Davenport, Larsen, Tubbs, Lee, Childers, Dickinson. Rejected were: Hicks, Elkins, LeGrand, Gillham, Dennis, Ludlum.

Held over were: McDaniels, Nutt.

Red Cross Packages Given Local Boy

In a recent letter to his mother, Mrs. T. W. Collins, Lt. (J. G.) Joe Collins relates one of his very happy experiences which occurred one Sunday afternoon. Here is the story as he told it:

"We had a surprise for the crew. The last time we were in port, we received small bags for each member of the crew. These were sent by some Red Cross Chapter, and they contained books, sewing kits, shoe strings, gum, shoe shine kits, etc. The men were really happy to get them, and they ran through the bags with as much joy as a youngsters opening Christmas packages."

On board the U. S. S. Dyson, Lt. Collins is supposedly in the South Pacific.

HARRELL RETURNED

Newton Harrell returned from Omaha Monday where he was called to a meeting of agricultural leaders of the nation. Mr. Harrell was one of three men from Texas who attended the meeting.

FORD IS DISCHARGED

Alvis D. Ford has been given a medical discharge from the Army Reserve Corps.

The Canyon News

CLYDE W. WARWICK, Owner and Publisher
Founded by Mrs. W. R. Morgan in 1896

SUBSCRIPTION \$1.50 PER YEAR (In Randall and adjoining counties). \$2.00 per year in other counties of Texas and other states.

Entered at the Postoffice at Canyon, Texas, as second class matter. Published weekly at office, 1513 Fourth Avenue, Canyon, Texas.

Member of National Editorial Association and Texas Press Association.

Judged as the Outstanding Weekly Newspaper in Texas in 1943.
Placed as an Outstanding Weekly Newspaper in "Editing The Day's News" in 1943.

The News Wins Again!

One year ago *The Canyon News* was judged to be the "Outstanding Newspaper in Texas for 1942." This compliment was highly appreciated by *The News* staff which has been doing its best to present an interesting newspaper to the people of Randall county.

Another victory has been scored by *The Canyon News* in June of 1943. "Editing The Day's News" is off the press with its third edition. This book is edited by two distinguished newspaper men: George C. Bastian, late copyreader of the *Chicago Daily Tribune* and lecturer in News Editing in the Medill School of Journalism of Northwestern University; and Leland D. Case, formerly of the staff of the Paris edition of the *New York Herald-Tribune*, and formerly Assistant Professor of the Medill School of Journalism, and editor of *The Rotarian Magazine*.

On page 163 of this book is reproduced the first page of *The Canyon News* of October, 1, 1942. This is the only weekly newspaper which is shown in this book of 426 pages. Other illustrations are from the great metropolitan newspapers of the nation. The book is used in all departments of Journalism throughout the nation as a handbook for correct newspaper forms.

Regarding *The Canyon News* the book states: "Local news is given the play in this weekly newspaper which thus meets a community need that metropolitan dailies cannot fill. Note the generous use of streamers, flush headlines, illustrations, and short newsstories. *The News* has won high honors for general excellence. It is typical of a growing number of community newspapers throughout the United States that have learned the importance of thorough news coverage and attractive typography."

This book is published by the Macmillan Company, and is in great demand throughout the nation. Many students and practical newspaper men throughout the nation will see the illustration of *The Canyon News* and learn something about Canyon. Just how or where the authors received the copy of *The News* is a mystery to the staff, but we are glad that they did receive this copy and that they judged your weekly newspaper as superior in production and in keeping with the ideals which they have for a model small town weekly publication.

The Gallup Poll reveals that more than 75 per cent of the people of this nation believe that we should take an active part in postwar problems. This shakes the theory of the isolationists that we should again crawl back in our shells after the war. We have always known that the isolationists were a noisy bunch. They remind one very much of a lone coyote which tries to make as much noise of a sizeable bunch in order to scare the enemy. The American people are more and more convinced that unless we take our place on the world police force after the war that another war will be fought in another 25 or 30 years.

OPA still insists that subsidies are the only method by which prices may be rolled back. We still insist that it is a tricky method of robbing Peter to pay Paul. If the ceiling prices on labor, raw materials, and all manufactured goods were rolled back to a date before we entered the war the whole problem would be solved.

Just when *The News* ended a year as the Outstanding Weekly Newspaper of Texas and another paper assumed that responsibility for the coming year, along comes another obligation—to live up to its responsibility as an Outstanding Weekly of the United States. And right in the middle of hot weather—too when a fellow feels lazy.

Umbarger Items

Margaret Grabber spent Monday with Mr. and Mrs. Bertrand of St. Francis.

Mr. and Mrs. Ted Irlbeck and family and Misses Irene and Viola Artho attended a picnic at Happy Sunday.

Sunday night Clarence and Geraldine Betrand, Blanche Detten and Wilford Braden visited in the Frank Grabber home.

Pfc. Edward D. Higgins visited relatives in Umbarger Sunday.

Sunday afternoon Mr. and Mrs.

Marvin Diller and family visited in the Henry Bracht home.

Those exchanging visits Sunday were: Gertrude Fischbacher with Rose Bedenk; Louisa Friemel with Georgia Lindemann.

Mr. and Mrs. Henry Bracht and family visited in the Eugene Frische home Sunday.

Pleasantview

Mrs. Earl Burtz called in the parental Barnard home in Canyon Sunday morning.

Lester Smith and son, Kenneth,

left Sunday for Kansas where Mr. Smith will attend to some business for a few days.

Mr. and Mrs. Joe Crowley and daughter, Joyce, visited Sunday in the Milton Dooley home.

Mr. and Mrs. Harold Wall and baby moved from this community this week. Their new home will be near Happy.

Imogene McDonald spent the week end visiting June and Janie Jennings.

Green cloth shoes, very like Chinese junks with the sails down.—Louisa M. Alcott.

What Have They Gained?

Three interesting developments of the week indicate that many people are more interested in themselves than in winning the war.

First: The silly squabble among the Frenchmen continues. DeGaulle and Giraud are continuing to fight each other, both seeking to be supreme in a prostrate France. No wonder France fell an easy victim to Hitler's united Germany. No wonder there is little chance for a recovery of the nation.

Second: Jehovah's Witnesses won a victory (?) when the Supreme Court decided that children of this so-called religious sect need not salute the American flag. In other words, this brand of crack brains are now at liberty to sneer at the flag instead of salute it. They forget that if Hitler wins the war that they not only lose their personal and economic freedom, but likewise their religious freedom will be wiped out and they become slaves to a dictator who respects neither man nor God. Yes, indeed, another great victory!

Third: John L. Lewis continues to thumb his nose at the President, and all agencies of the government. Lewis places the welfare of his union above the safety of the nation. If Hitler wins, the first thing he will do is abolish trade unions and enslave the miner workers at starvation wages. Instead of working 40 hours per week, the miners will do well to escape a 60 or 70 hour week. What fools we mortals be when we refuse to recognize the fact that a united nation is necessary to meet and defeat a soulless enemy. Lewis and his breed are the greatest allies that Hitler has, and unfortunately the administration refuses to treat them like enemies of the nation should be treated.

Regardless of how pleasant the war news may sound today, the whole picture could be changed in a short time, and we would be on the road to defeat if these three reactionary forces continue having their way.

The News had a story recently regarding young people who are running at large on the streets at night. We have noted complaints in many other towns where youth delinquency has become a real problem. We quote from the *Moore County News* advice which should make parents sit up and think:

"A bit of plain talk to parents. Newspapersmen are no smarter than anyone else and you are at all times welcome to chuck their advice into the waste baskets, but some of us are going to pay a high price for the extra money we are staying away from home, to make. There have been several startling cases of girl delinquency coming to the attention of Moore County officers lately. Teen-age girls are roaming the streets at all hours of the night and often drinking heavily. Recently officers scatted a bunch of twelve to fourteen year old kids out of a bus station at 1 a. m. They were dancing and necking, to the tune of a juke box. Now, don't cuss the officers. Their sworn duty is to uphold the law, not to raise our children. They do what they can, but by the time they have to step in, it's generally too darn late. Know where your children are, every hour of the day and do not let them use the streets for their playground, unless you want your home blasted to bits."

The Soviet labor magazine, *War and the Workers Class*, has expressed alarm at the lack of unity among American workers. Remember just a few short months ago when all of us were cussing the Reds and calling them all of those terrible names? Hitler's hordes came mighty near whipping Russia, but every laboring man came to the rescue of his homeland. For several months now Russia has been pushing back the Huns. We have forgotten all of those ugly names now. They did not strike, but worked to defend their homes.

It is reported that American loss of planes is much less than anticipated at the start of the war. Considerable credit for this saving of men and machines is due to the splendid weather service which has been developed. No plane can fly without the approval of the weather officers. Weather conditions are reported constantly to every airport in the nation, and pilots are forewarned before they leave the ground if a storm is brewing in any section. This is a scientific war as well as mechanized war. From a scientific standpoint, more men are saved from wounds in this war than ever before in the history of mankind.

The Japs are accused of using poison gas in China. It has been rumored that Hitler will make a mass attack on England with poison gas as a last resort. The Allies report that they are ready to meet any such attack and will reply in kind. Reading of the horrors of war, and the contemplated atrocities of this war, we wonder about this so-called civilized age.

I GIVE YOU TEXAS

by BOYCE HOUSE

When little Willie came home from his first day at school, his mother asked, "What did you learn?" He answered, "Nothing." She inquired, "Well, what did you do, then?" He replied, "Nothing; a woman wanted to know how to spell 'dog' and I told her. That's all."

One of the innumerable changes that Hitler has forced upon Texas is the foregoing of San Antonio's Battle of Flowers. In the happy, before-the-war-days, that was really an event to look forward to. The crowds were as much a part of the festival as the procession itself. Thousands massed along the line of march, many of them standing for the two hours or so that the parade was in progress—in fact, most of them were on hand an hour or more before the event was scheduled to begin. A few had folding chairs and some sat on the edge of the sidewalk; others were in windows; still others would set a table in the entrance-way of a store and place chairs on top of the table so as to see over the heads of the throng. Vendors of foods and drinks and souvenirs were in their glory.

The last Battle of Flowers that your columnist saw—it was the last one that has been held—was a more brilliant spectacle than the more widely acclaimed Tournament of Roses in Pasadena. True, the California spectacle had Edgar Bergh and Charlie McCarthy, as well as Leo Carillo, resplendently attired and on a white horse—but San Antonio's cavalcade had many more beautiful girls, and in more gorgeous costumes.

"The Bar and the War" will be the subject of George M. Morris, president of the American Bar Association, when he addresses the convention of the State Bar of Texas in Houston July 1 and 2. A war work clinic will be another feature, announces President Claude E. Carter of Harlingen.

In our mothers' day, the most popular songs were sad ones. Can you remember when the telephone had just begun to come into use

and there was a song about a little girl who said, "Hello, Central, give me heaven for my mother's there; you will find her with the angels on the golden stair?"

And fully as pathetic was the song about the man holding a baby on a train. The infant's crying annoyed a passenger, who demanded to know why the tot wasn't taken to its mother. The man replied, "She's in the baggage coach ahead."

Rusk Quizzes

Mr. and Mrs. Clem Dugan and family visited in the J. P. Walker home Sunday.

The 4-H boys of this community who visited the Amarillo Air Field Tuesday were Melvin Smith and Billy Dugan.

The H. H. Houchens family of Dimmitt visited with Mrs. C. G. Stallings and the Joe Baber family Sunday.

Fairview Breezes

We enjoyed the message delivered by Rev. Lloyd Garrison Sunday morning on Father's Day.

Mrs. D. L. Whitson and Jimmie Jean Whitson are visiting with Mrs. Whitson's parents, Mr. and Mrs. J. W. Wesley.

Mrs. J. R. Evans and J. R. visited Sunday night with the J. W. Wesley's.

Born to Mrs. Wayne Wesley in St. Anthony's hospital Thursday, a son, named Kenton Jean. Mrs. Wesley will be remembered as Clyemba Belle James.

Singing at Fairview was very well attended Sunday afternoon.

Juanita (Schaeffer) Slack visited the parental Schaeffer home Saturday night.

Dinner guests in the E. W. Schaeffer home Sunday were: Vesta and Lavina Amerson, D. W. Wayne Jones, Jimmie Jean Whitson, Lloyd Garrison.

Sunday visitors in the J. W. Wesley home were: Mr. and Mrs. E. M. Wilson and children, Mr. and Mrs.

Hollis Shipman and children, Mr. and Mrs. G. E. Wesley and Sue Ann Couldwell.

Mrs. Artie Pearson is in a hospital in Amarillo.

Leona and Geraldine Sharpes, Evelyn Barnard, and Pvt Smith visited Saturday night and Sunday in the S. F. Sharpes home.

V-NEWS

From Randall County Home Economists.

Let's preserve the foods we have produced in our Victory Gardens. The greater number of methods used to preserve foods, the more interesting our daily meals can be made. There is generally one method of preserving for each food that has been found to keep best the original quality of the fresh product; for example, carrots and root vegetables are best stored fresh, tomatoes canned, strawberries frozen, and mature peas and beans best dried. But how much more appetizing to have a little sweet corn frozen and stored in a freezer locker, more canned, some dried and a little brined or used in mixed pickles.

Drying is economical, takes less

equipment and materials, may be stored in fewer containers and can be transported easily.

Because of the increase in home preserved foods and the shortage of pressure cookers, much more food will be dried this season. Your county home demonstration agent, Miss Frances Wilroy, will gladly supply you with complete information on drying foods at home. Practically all common vegetables except tomatoes can be dried and should be preserved by this method unless you have a pressure cooker. The reason is that only by holding steam under pressure can you heat these foods all the way through at a temperature of 240 to 250 degrees Fahrenheit, and do it in reasonable time. It takes such heat as this to kill certain types of spoilage organisms, and spores of an especially resistant kind that may, if not destroyed in the canning, generate the deadly poison called botulisms.

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of June 20, 1918)

Dr. S. L. Ingham underwent an operation for appendicitis in Iowa where he has been visiting. O'Dell Carleton, Hudson Prichard, Henry Prichard and Bartow Johnson joined the navy and will leave Monday for Dallas.

Herb R. Miller, Virgil Brown and Ralph Harter have joined the Merchant Marine and will be called within a month.

For the first time the Democratic Party will have a double primary in Texas. Also for the first time, women will vote in the primaries. Women will register June 27 to July 12.

Clyde W. Warwick has enlisted in the YMCA for overseas duties and will report in New York City July 8. He has been publisher of the Randall County News for eight years.

President Wilson recommended the election of Henry Ford as Senator from Michigan. Ford is running on the Republican ticket.

The government asked that pleasure driving be reduced in order to save gasoline.

Prof. L. F. Sheffy has arrived from Wellington to take a place in the history department of the normal.

Fresh Pineapple Should Be Canned Says Miss Wilroy

Fresh pineapple now is making its appearance on Texas markets, and with a No. 2 can of the sliced fruit requiring 23 blue ration stamps, many homemakers will be canning this delicious and popular fruit. In some stores canned pineapple has disappeared from the shelves.

What's more, says Miss Frances Wilroy, County Home Demonstration Agent, as a rule pineapple can be bought and canned for one-half to one-third the retail price of a good grade of canned pineapple. For the past few years home demonstration clubs in the state have bargained cooperatively for pineapple by the truckload at a price that made canning of pineapple at home a real saving.

Miss Wilroy offers these tips to homemakers who are unaccustomed to buying fresh pineapple for canning. Fruit that has ripened before being gathered has the best flavor and contains more fruit sugar, a factor of prime importance in view of sugar rationing. Ripe fruits, she says, is orange in color and the spines may be readily pulled out. The specialist warns against the purchase of over-ripe fruit, since there is more waste. Under-ripe fruit should be wrapped in thick paper and kept to ripen a few days at an even temperature between 65 to 70 degrees Fahrenheit.

Other advantages of pineapple are its nutritional contributions. It is credited with being an aid to digestion and a better source of protective food values than many fruits.

Come to the Canyon High School Home Economics laboratory Friday afternoon, June 25 at 3 p. m. and see the demonstration on canning fruits and vegetables.

Jowell Items

Earlene Davis and Patsy Powell visited Billie and Thelma Bonds Sunday.

Mr. and Mrs. Bill Simms and children visited with Mr. and Mrs. J. J. Leavitt Sunday afternoon.

Mr. and Mrs. G. J. Bonds visited Mr. and Mrs. W. F. Bonds Sunday afternoon.

Dorothy Tidenberg returned home Saturday night from Waco where her grandfather passed away.

Every one be sure and come to church at Jowell Sunday. There will be preaching following Sunday School.

Government can have no more than two legitimate purposes—the suppression of injustice against individuals within the community, and the common defense against external invasion.—William Godwin.

Washington News

By Congressman Eugene Worley

The Agricultural Appropriations bill for 1944 has passed both House and Senate. It is now in conference committee, a group appointed by both Houses to iron out differences on various changes affecting the bill which were made in the Senate. This bill is of great interest and importance to farmers and ranchers of the Texas Panhandle and the nation and it is expected the differences between the two Houses will be settled soon and the measure sent to the President for his approval.

The farm labor shortage continues to occupy an important position in current affairs and various communities have written in asking if soldiers from nearby camps could be released for a period to help on the farms.

I talked to officials in the War Department again concerning the matter and they state that no change has been made in the ruling and sent me a copy of the official order which follows:

"IV—Use of Army personnel in harvesting crops. 1. Commanding officers of all posts, camps, stations, divisions, and lower separate units are authorized under the conditions set forth in paragraph 2 to—

a. Permit soldiers to engage in farm work in nearby communities order to permit them to engage in during normal off-duty periods.

b. Grant passes to soldiers in farm work in nearby communities. 2. Authorization granted in paragraph 1 is contingent upon the existence of the following conditions:

a. In the opinion of the commander concerned, an emergency exists in the nearby farm community due to shortage of available farm labor.

b. The soldier concerned desires permission or a pass in order to engage in farm work.

c. Such action will not interfere with the customary employment and regular engagement in farm work of local civilians.

d. Such action will not interfere seriously with training.

3. Soldiers will not be granted furloughs for the purpose of engaging in farm work.

4. The performance of farm work by soldiers during off-duty periods or while on pass will not involve expense to the Government. The pay for services rendered by the individual and all other conditions of his employment will be left to the determination of the individual soldier and his farm employer so far as the Army is concerned."

Mrs. A. A. Brightwell of Oklahoma City is visiting with Mr. and Mrs. Joe H. Black. She arrived here Monday and plans to stay quite a while.

Miss Hazel Cooper, daughter of Mr. and Mrs. C. O. Cooper, is here spending the summer, after being in Selma, Calif., this past year.

O. H. Beale returned Sunday from Lockney and Plainview, where he has spent the last week.

Miss Dorothy Decker of Denver, Colo., spent Sunday in the home of Mrs. Cora L. Drummond.

Baptist Sunday School Recognized As Standard

The Sunday School of the First Baptist Church of Canyon has been recognized as Standard by the Sunday School Board of the Southern Baptist Convention, according to announcement recently received by the general superintendent, Virgil

Henson. The school is organized into departments with the following departmental superintendents: Arthur K. Goodman, Claude W. White, A. B. Holt, Mrs. W. T. Davis, Mrs. Fred M. Standley, Mrs. Carl Laughery, Mrs. Roy L. Johnson and Mrs. R. D. Oldham. The officer-teacher group is composed of 45 people.

Standard recognition is reached by only about 800 Southern Baptist Sunday Schools each year out of more than 23,000, and this is the

third consecutive year for the Canyon church to attain such recognition.

Mrs. Walter Sanford, Jr., and Janie Sue of Billings, Montana are visiting with her mother, Mrs. L. M. Cousins. Mr. Sanford is now in the armed forces.

W. J. Wooten, Jr., is home from Northwestern University for a short visit with his parents, Mr. and Mrs. W. J. Wooten.

NO STRIKE

IN ELECTRIC SERVICE...

Not one minute has been lost in the production of war supplies because of a shortage of electricity. That's because trained men, who know their job through years of experience, operate the companies which make up the major portion of the nation's electric systems.

The men who operate the Southwestern Public Service Company are men of such training. Their combined knowledge of the economical, dependable production of electricity represents many years of study and research. These men have found ways of bringing more dependable service through the interconnection of several generating plants . . . any one of these plants capable of generating sufficient electricity for our entire system should the emergency arise. At the same time these men have found—that through the operation of several plants serving dozens of towns and cities—the cost per consumer can be greatly reduced. The outcome of their efforts is today's production of

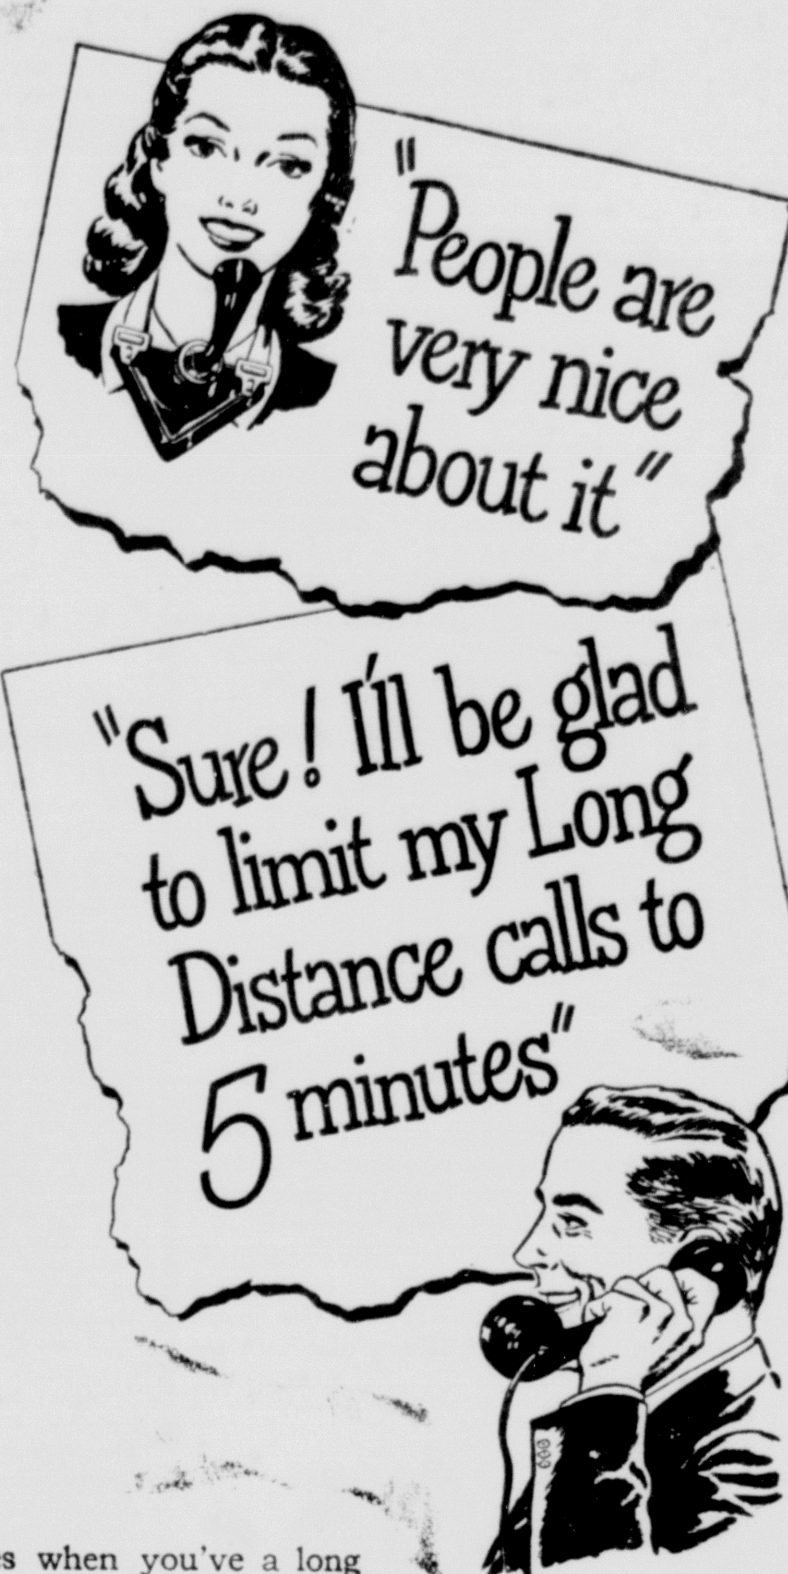

More Dependable Electric Service

At Lower Cost Per Consumer

**Southwestern
PUBLIC SERVICE
Company**

"... and I says to the Top Sarg... 'Listen, Sarg, you'd think this Tommy gun was the same as that right-cylinder motor in my dad's car, the way you want her oiled up every day!' And the Sarg says, 'You listen! I ran a filling station before I joined up and I know a lot of things about oil. I sold that Conoco Nit oil. It oil plates and protects the engine's insides on the order of chrome-plating protecting your bumpers.' I've got a lot of respect for the Top Sarg, so Dad, if I get back, the love of Mike, take her over and have her oil-plated and..."

"People are very nice about it"

"Sure! I'll be glad to limit my Long Distance calls to 5 minutes"

Sometimes when you've a long distance call to a war-busy place, the operator will say—

"Please limit your call to five minutes. Others are waiting."

This doesn't happen all the time, because many long distance calls go through about as usual. But whenever we have had to ask that

calls be kept to five minutes, there has been a fine spirit of co-operation from the public.

We want to say thanks for that. Your help and understanding count double these days.

SOUTHWESTERN BELL TELEPHONE COMPANY

FARMERS!

Let us handle your BARLEY, OATS, WHEAT and RYE. Top prices at all times. We are assured ample Government Storage this year, but railroad cars may not always be available to ship the grain.

Social Events of the Week Clubs and Organizations

MISS WILROY WILL MAKE FOOD TALKS

According to Miss Frances Wilroy, County Home Demonstration Agent, this is the itinerary for the Food Conservation Program:

June 25, 3 p. m., Canyon High School.
June 28, 2 p. m., Western Avenue.
June 30, 3 p. m., Wildorado.
July 1, 2:30 p. m., Park; 10:30 a. m., Park 4-H Club.
July 2, 3 p. m., Centerville.
July 3, 3 p. m., County Home Demonstration Council.
July 7, 10 a. m., Ralph 4-H Girls.
July 8, 2:30 p. m., Umbarger; 10:30 a. m., Edgetown.
July 13, 3 p. m., Zita.
July 14, 3 p. m., Ralph.
July 21, 3 p. m., West Side.

A demonstration on canning non-acid vegetables in the pressure cooker and fruits in the water-bath will be given.

Mrs. W. A. (Bill) Patke is in Canyon this summer with Mrs. E. I. Boyce.

ROSE WALKER CIRCLE WITH MRS. MC CREERY

The Rose Walker Circle met Tuesday afternoon at 3 o'clock with Mrs. J. W. McCreery. "Glory to His Name" was used as the opening song, and prayer was offered by Mrs. Jessie Reid.

After the scripture reading, Mrs. J. D. Key led the prayer. The Bible study review was also conducted by Mrs. Reid.

At the conclusion of the meeting the hostess announced a fried chicken supper had been prepared for the circle members. Those present included Mesdames W. A. Black, J. C. Dowd, J. D. Key, J. T. Burnett, T. E. Ziegler, L. C. Ruthardt, Minnie Laughery, Jessie Reid, T. T. Fain, I. M. Steen, Paul Lindsey, O. O. Baker, Charles H. Stratton, and the hostess, Mrs. McCreery.

Closing prayer was led by Mrs. Laughery.

B. T. Johnson spent Wednesday and Thursday in Amarillo with his daughter, Mrs. A. S. Kenyon, and son, W. C. Johnson.

4-H GIRLS' CLUB STARTED AT RALPH

The girls of Ralph community met in the home of Mrs. Tom Gooch, Wednesday, June 16 for the purpose of organizing a 4-H Club.

Miss Frances Wilroy, County Home Demonstration Agent met with the girls and directed the organization.

The following officers were elected: President, Frances Gooch; vice-president, Billie Byars; secretary, Shirley Byars; reporter, Mary Elizabeth Jennings; garden demonstrator, June Jennings; clothing demonstrator, Mary Elizabeth Jennings; song leader, Joan Byars; sponsor, Mrs. Tom Gooch.

The girls will study tomato products this summer.

The next meeting will be at 10 a. m., Wednesday, July 7 at the home of Mrs. Tom Gooch. All girls in the surrounding communities who are interested in 4-H club work are invited to attend.

THOSE PRESENT WERE MISS FRANCES WILROY, JIMMIE JENNINGS, JANIE JENNINGS, TEDDY HOWELL, BETTY JEAN SMITH, BILLY BYARS, MARY ELIZABETH JENNINGS, SHIRLEY BYARS, JUNE JENNINGS, FRANCES GOOCH, MRS. JOHN JENNINGS AND MRS. GOOCH.

PRESBYTERIAN LADIES STUDY KINGDOM

The parlor of the First Presbyterian Church was the meeting place for the Ladies Auxiliary who assembled on June 22 for a program of worship and study.

Mrs. M. E. Cleavinger used as the devotional subject "Thy Kingdom Come in the World." She affirmed that God assigned this great task to the Christians of the world by asking them to unite their religion with works in order to bring in the kingdom. Yet after nearly two thousand years the followers of Christ have the present world condition as evidence against them that they have not put their religion into works. Mrs. Cleavinger left with her listeners the question: Would not the text of Jesus' teachings be "Thou shalt love the Lord thy God... and thy neighbor...?"

"Our Islands as Sufferers in War-time" was the subject presented by Mrs. Nancy McCaslin. Mrs. McCaslin maintained that the United States should mother the little islands by studying the economic conditions, by colonizing in other parts of the world, and by creating industries, thereby absorbing the many thousand idle laborers.

The afternoon's program was followed by a short social period.

PARK H. D. CLUB WITH MRS. PARK

The Park H. D. Club met with Mrs. James Eddie Park, Thursday, June 17, at 3 o'clock. Miss Frances Wilroy, our county home demonstration agent, gave a demonstration on cleaning clothes.

There was a lot of good information given on cleaning, and for curtains, instructions were to starch them with gelatin and also to use turpentine in wash water as a bleach. There were a lot more points of interest to all.

Those attending were a guest, Mrs. Cooper, and members: Mesdames Charlie Thurmon, Charlie Wineinger, Frank Simon, W. E. Bennett, F. A. King, G. A. Collings, Herick Simon, James E. Park, Leonard Winters, O. E. Shearer, Flynn Winters, T. D. Raymonds, Elmer Winters, James Park, and Walter Simon.

The next meeting will be at Mrs. James Park's home, Thursday, July 1. Our county home demonstration agent will meet with us again.

TWO DENVER PEOPLE MARRIED TUESDAY

In the home of Mr. and Mrs. Joe Currie Tuesday evening about 9:30 o'clock, Miss Pauline E. Lee and James P. Golden were united in marriage.

The ceremony, which was performed by Rev. C. C. Armstrong of the Methodist Church, was attended only by Mr. and Mrs. Currie and children, and Rev. and Mrs. Armstrong.

Mrs. Golden is from Denver, Colo., and the bridegroom, who is a brother of Mrs. Currie, is an Air Cadet from Denver also.

MAY WEDDING IS REVEALED THIS WEEK

Mr. and Mrs. R. L. Boling have announced the marriage of their daughter, Katherine, to Byron Campbell, son of Mr. and Mrs. R. L. Campbell of Wildorado on May 15th.

Mrs. Campbell has completed her Freshman year at West Texas State College. Mr. Campbell graduated this year from this college, and has received his call to the navy the first of August.

JUDY POPE IS COMPLIMENTED TUESDAY

Honoring their daughter, Judy, Mr. and Mrs. D. C. Pope were guests of Mr. and Mrs. K. L. Kirkland and Kenneth Tuesday evening. Since it was Judy's first birthday, the entertainment was planned.

Mrs. John R. Pool, formerly Miss Martha Sutton, has moved from Amarillo to Happy for the summer to help with the wheat harvest. Her husband is now at Fort Sill.

LAS SENORAS MET WITH MRS. JONES

For the Las Senoras Nuevas Club members, Mrs. Mitchell Jones was hostess yesterday afternoon.

Mrs. Art Hawks was high score winner, and Mrs. A. Hud Prichard was low score winner.

Ice cream and cookies were served to Mesdames A. K. Knott, A. K. Goodman, W. E. Miller, A. L. Walsh, Herschel Coffee, Gordon Lyons, R. P. Jarrett, Jr., Harris M. Cook, W. W. Nicklaus, J. Madison Daugherty, Hawks, Prichard, and the hostess.

REBEKAH LODGE WILL MEET

The Rebekah Lodge will meet Tuesday evening, June 29. All members are urged to be present, since there will be an election of officers.

J. J. Currie Died Tuesday at Amarillo Hospital

One of the pioneers of Randall county, and one of the largest land owners of the county died Tuesday at an Amarillo hospital. This was J. J. Currie, known to all pioneers as Jinks. He was 75 years old.

The Currie ranch near Happy was a famous stopping place in the stage coach days. A postoffice was operated for the benefit of ranches in that section.

At the age of 22 Mr. Currie bought his first land in Randall county, northeast of Canyon and has owned this large ranch ever since. His son, Hugh Currie, lives on the ranch and looks after the property.

The funeral was held yesterday in Amarillo.

Survivors besides his wife, include two sons, Lt. John J. Currie, Jr., of the U. S. Army Air Base, Fort Dix, N. J., and Hugh Currie; two grandsons, Hugh Bob and Jimmie; a brother, David Currie, and a sister, Mattie H. Currie, all of Amarillo; three nieces, Grace Webster, May Smith and Mrs. Dale Smith, all of Amarillo, and two nephews, Hugh Smith, Los Angeles, Calif., and Ernest Webster, Amarillo.

West Texas Ex Now In WAVES

Barbara Anderson, daughter of Mr. and Mrs. Walter Anderson of Big Spring, and granddaughter of the late Mr. and Mrs. S. M. Downing of Canyon, is now in the WAVES. She has a rating of 3rd class petty officer, and has been assigned duty with the communications office in New York City. She attended West Texas State College in 1940-41, and worked at the sub-depot bombardier school in Big Spring previous to entering the Navy.

SHARP HOME FROM COLLEGE

John Thomas Sharp, son of Rev. and Mrs. J. R. Sharp, arrived Monday from Antioch College, to spend a week visiting with his family and friends. He has finished his pre-medical work at Dennison University in Granville, Ohio, and will leave for the Naval Reserve, July 1. On next January 1, he will be sent to College of Physicians and Surgeons, Columbia University, New York.

HAD PICNIC

About twenty-five members of the Senior Young Peoples Department of the Methodist Church journeyed to Gordon-Cummings Sunday afternoon for a picnic and weiner roast. Accompanying adults were Rev. and Mrs. C. C. Armstrong, Mr. and Mrs. W. W. Nicklaus, Mr. and Mrs. George I. Taylor, and Mr. and Mrs. K. E. Frieze.

AT NATIONAL CONVENTION

Dr. H. A. Brown is in Nashville, Tenn., attending the National Convention of the American Naturopathic Association, at which he will appear on the program. While in the eastern part of the country, Dr. Brown will take post graduate work in two branches of his profession.

IN AMARILLO HOSPITAL

Shirley Byars, surgical, Northwest Texas Hospital.

Rev. Frederick Hyland of Umbarger, medical.

Mrs. W. A. Cook has undergone another operation, the fifth since February when she became ill.

STORK SPECIAL

A daughter was born to Mr. and Mrs. Joe Wieck June 15 at an Amarillo hospital.

Mr. and Mrs. Neil Downing are the parents of a daughter, Sandra Elaine, born June 21 at an Amarillo hospital.

MARRIAGE LICENSES

Thomas Cole Spencer and Lolita Van Pelt, June 19.

Ted Randolph English and Shirley Mae Hicks, June 6.

James P. Golden and Pauline E. Lee, June 21.

Mrs. Forrest Hill visited with her parents, Mr. and Mrs. W. H. Harden last Monday through Wednesday. Mrs. Hill was on her way to New London, Conn., to attend the graduation of her husband from the Coast Guard Officer's School. Mr. Hill has formerly been in Santa Monica, Calif.

B. T. Johnson exhibited a 10-inch long radish that he had grown, Tuesday to some of the folks around town. The specimen proved to be about 4 inches in diameter.

Jowell Items

Mr. and Mrs. G. J. Bonds and children visited W. F. Bonds Sunday.

Mrs. C. W. Fewell and children and John Hughes of San Fernando, Calif., visited in the Earl Davis home Thursday.

Mr. and Mrs. Bill Sims and children visited in the J. J. Leavitt home Sunday afternoon.

Earline Davis and Patsy Powell visited Billie and Thelma Bonds Sunday.

Mrs. Henry Tidenberg returned from Waco the last of the week where she attended the funeral of her grandfather.

WAAC IN MOTOR DIVISION

Aux. Leavurn Thurmon of Battle Creek, Michigan, reports to her parents, Mr. and Mrs. T. M. Thurmon that she is now in the motor transport division of the WAACs. She will learn to drive as well as service army vehicles.

Leslie Copeland is home on a three-day leave from Sheppard Field, visiting with his parents, Mr. and Mrs. H. A. Copeland.

Porter Montgomery, formerly staying in the Harvey Cash home, has been transferred to the geologist crew in Amarillo.

C. E. Strain left Saturday for Cordavallis, Oregon, where he will spend the summer at the home of his daughter, Mrs. Ruth Liddle.

Ray Robbins of Pampa spent the week end in the home of his mother, Mrs. Earl Robbins.

Lt. James Graves Receives Wings in U. S. Marine Corps

Second Lieutenant James Ballard Graves, U. S. M. C., graduate of Canyon High School and a student at West Texas State College prior to his entrance into the U. S. Marine Corps, now wears the wings of a Leatherneck pilot.

Lieutenant Graves was commissioned a second lieutenant at the Naval Air Training Center at Corpus Christi, where he underwent his advanced flight training.

He enlisted as an aviation cadet in August of last year and received his primary flight training at the Naval Air School, Los Alamitos, Calif.

Lieutenant Graves is now on active duty with an aircraft squadron of the Marine Corps at a Naval Air Training Center.

His mother, Mrs. Jessie M. Graves, lives at 92 West Castle, Stockton, Calif.

Pfc. and Mrs. C. N. Tippery returned Sunday from Sioux City, Iowa, where they have spent a two-weeks' furlough with his family.

Mr. and Mrs. Earl Russell and daughter have moved back from California where he has been working in an airplane factory.

Dr. Harold G. Cook, president of McMurry College in Abilene was in the C. L. Gordon-Cumming home over the week-end.

Mr. and Mrs. R. A. Hodges of Tulsa visited with Mr. and Mrs. T. S. Stevenson Sunday.

History of Navajo at Presbyterian Church Next Sunday

As a special address, Mrs. Alice Cleavinger, a full blooded Navajo, will deliver a message, "The History of the Navajos" at the First Presbyterian Church on Sunday, June 27.

Mrs. Cleavinger, who received her early education at a government Indian training schools now lives in Slaton, and is president of the Women's Auxiliary of the First Presbyterian Church there.

Dressed in a complete Indian suit of clothes, Mrs. Cleavinger will tell a story in Sunday School at 9:45, and offer the main message at the regular worship service at 11 o'clock. Everyone is cordially invited to this service.

Mr. and Mrs. Roy Hudspeth of San Angelo spent this week at the home of his sister, Miss Mary E. Hudspeth.

Mrs. Billy Joe Hunter and Mrs. Fern Sheppard left Monday for Washington, D. C., where they have secured civil service jobs.

Mrs. W. D. Anderson of Big Spring is visiting her sister, Mrs. James Williams, also two brothers, Neil and Bill Downing.

Mrs. Thomas Elliston and son, Don, of Spokane, Wash., are visiting in Hereford and Canyon.

Wilma and Billie Harwood are in Altus, Okla., visiting relatives and friends.

Owen Roberson of Pensacola, Fla., is here visiting his family.

The power of American manpower comes from foods—the right foods that provide all the essential vitamins, minerals, protein and calories, without which a man may "eat like a horse" and yet be under-fed. Right in your own kitchen, you can help America grow stronger by guarding the health and strength of your family with proper diet. Every day, serve a green and a yellow vegetable... oranges, tomatoes or salad greens... milk and milk products... meat, poultry, fish or eggs... bread and cereals... butter or fortified margarine. All the foods for the health-protecting, strength-building diet can be bought here at money-saving prices.

Warren's

Lyceum Program to Be Held This Eve At Auditorium

Mary Hutchinson will be presented in the Administration Auditorium tonight at 8:30 o'clock in a program of dramatic portraits. These will be done in costume.

Miss Hutchinson's program will include "Salome," "Lady Isabel of East Lynne," "Puck, from A Midsummer Night's Dream," "Lady Teazle, from The School for Scandal," and "Lysistrata, and a Tale of Vienna Today." This last number will be the portrayal of a modern heroine of the underground movement in Austria.

Mary Hutchinson has played with Frank Craven in "Our Town," with Dennis King in "Peter Ibbetson" and in Maxwell Anderson's "High Tor." She is a graduate of the New York School of the Theatre. At the age of fifteen, she was a freshman student in the Barnard College for Women, and at that time also conducted classes in ballet during week-end visits to her home in Eastern Pennsylvania.

Of her, one newspaper said, "By means of a small portable dressing room the mechanics of her monologist's art were ingeniously made part of her theatre. It is the greater testimony of her ability as an actress that without further aid she was able to win her audience as she did Romeo." Another says, "Talented Actress Brings to Life Famous Women of History and Story. That the actress could sustain a mood so vividly and carry her audience so swiftly from one period of history to another testifies to a remarkable versatility. She

manages to establish an intimacy with her audience that makes her performance doubly delightful. One cannot say where she shines best for she interprets so skillfully her heroine whether she is foolish or tragic.

Dr. Wallace R. Clark, chairman of the Lyceum committee, stated that it was a lucky accident which has given us Mary Hutchinson on our summer program. An activity ticket or 50c will admit students and townspeople, and aviation students who can attend will pay 25c.

The Lyceum number will not interfere with the sing-song which will be held in the Education Auditorium at 7:30 and closed in time for Miss Hutchinson's program.

Mrs. J. M. Patterson of El Segundo, Calif., left Monday after visiting a few weeks with Mrs. W. I. Wester and other friends.

Miss Mattie Garner and Miss Winnie Douglas of Amarillo were Sunday visitors with Mrs. Cora L. Drummond.

Mrs. A. D. Prater, Jean and Glenn returned Wednesday after a visit with friends in Roston, Texas.

From Friday to Monday, B. T. Johnson and his daughter, Mrs. J. C. Compton were in Clovis.

Sam H. Hill was in Amarillo Monday on business.

Mrs. A. C. Burleson of Amarillo is visiting with Mrs. J. A. Harris.

W. A. Warren left Monday on a business trip to Dallas.

The first age of man is when he thinks of all the wicked things he is going to do. This is called the age of innocence.—Oscar Wilde.

Applications On 'A' Gasoline Books Ready By Mail

Starting yesterday all holders of gasoline "A" Books were eligible to make application for renewals by mail.

Blanks are available at all service stations.

Since "A" books expire July 21, applications for renewals should be filed as soon as possible.

Two old Scotsmen were discussing the domestic unhappiness of a mutual friend. "Aye, aye," said one. "Jamie Thompson has a sair time wi' that wife o' his. They say they're aye quarrelling."

"What else can ye expect?" said the other scornfully. "The pair feckles creature marit after courtin' for only seven year. Man, he had nae chance to ken the woman in sich a short time. When I was courtin' I courted for 20 year."

An amused listener to this conversation ventured to ask if this long courtship had ensured connubial bliss, whereupon the old Scotsman replied—

"I tell ye I courted for 20 year, and in that time I kent what woman was, and so I dinna marry."

A foreman, while watching a ship carpenter working on the side of a boat, noticed that a workman would drive a nail into the side of the boat, then throw the next nail over his shoulder. When this continued, he called out to the man. "Hey you, why are you throwing those nails away?"

Back came the answer, "Why, they have the heads on the wrong end."

To which the foreman, thinking fast, replied, "You darned fool, save all that kind. We use those on the other side of the boat."

A mother has worries that a man knows nothing about.

"How now?"

"I have just learned that my wife has been watching our boy for years to see that he carried his school books under his right arm on Mondays, Wednesdays and Fridays, and under his left arm on Tuesdays and Thursdays. If he did not do this he might get curvature of the spine."

Highland News

Harvest started in this community last Friday in Ham Hamilton's field due south of Geo. Mason's. The wheat tested 61 and the yield for the half section is about 12½ bushels, though one block turned out about 20 bushels per acre. More combines expect to start this week.

Mary Lou and Roy Lee Jones attended the bridal shower and chicken fry honoring Mr. and Mrs. Byron Campbell of the Palo Duro community south of Wildorado last Friday evening. The party was held at the Elmer Womble home.

Mrs. Joe Allred called on Mrs. Fuqua Thursday afternoon.

Mrs. Mary Jones and children called on Mrs. Cribbs Friday afternoon.

Mr. and Mrs. H. H. Elam returned from Denver, Colo., Saturday evening.

Mrs. John Cage visited at the Jack Cage home Sunday.

Miss Betty Lee Hill visited at the Fuqua home Sunday.

Mrs. Edith Walton has been quite ill the past two weeks.

The Geo. Walton Dairy herd was sold to Mr. Taylor's Dairy Farm at Souney.

The sheep shearers were at Ted Neely's place last week and will be at James Walton's and Jess Hill's this week.

It ain't the guns nor the armament, Nor funds that they can pay, But the close cooperation that Makes them win the day.

It ain't the individuals, nor The army as a whole, But the everlasting team work Of every bloomin' soul.

—R. Kipling.

Mrs. X, who had two sons in the Marines and a daughter in the WAACS, was visiting a farm when she came upon a youth of draft age milking a cow.

"Young man," she asked sternly, "why aren't you at the front?"

"Cos there ain't any milk at that end, missus," was the calm reply.

The wretch concentrated all in self, Living, shall forfeit fair renown, And, doubly dying, shall go down To the vile dust from whence he sprung, Unwept, unhonored and unsung.

—Walter Scott.

Boiling Water-Bath Not Sufficient For Canning

(Continued from page 1)

many people, and often children, may taste the food before the boiling, or may, in a hurry, let warm-surface.

The chances for accident are too great to be worth the risk if a large number of people undertake to can non-acid vegetables or meats by the boiling water-bath method. Outbreaks of botulism almost certainly will occur. It is like having rattlesnakes on your golf course. You may keep your ball on the fairways and treat the rattlesnakes with impunity, but sooner or later somebody a little less careful or accurate will suffer. A poison so powerful that a teaspoonful is enough to kill 40,000 guinea pigs is not a good thing to take chances with. By comparison rattlesnake venom is only mildly poisonous.—Asa C. Chandler, professor of biology, Rice Institute, and advisory chairman, Houston and Harris County Nutrition Committee.

Murry Hefner of New York visited Sunday with Mrs. J. L. Hefner.

Marie Johnson of Amarillo was a week-end visitor with Billie McAtee.

Mrs. J. L. Hefner went to Tulsa for a visit Monday.

My fate is like that of an eagle, who, being shot with an arrow, observes his own feathers on the arrow that kills him.—Lord Chesterfield.

A NATION'S PEOPLE

This is the story of Clarence C. Merriam, a 67-year-old patriot of Los Angeles, who became the owner of a War Bond, the hard way.

The Los Angeles Evening Herald and Express tells about it: Merriam, whose sole income was \$40 per month old-age pension, clutched his precious purchase happily as he told his story. He had volunteered his services to help win the war, but his age was against him, so he decided to buy a bond.

"The only way I could do it was to miss some meals—a lot of them," he told the War Savings Staff Administrator for Southern California.

"But I didn't mind," he went on. "It was no sacrifice. Every loyal American should be glad to go hungry occasionally in order to beat the Axis. Our fighting men are going through much worse hardships and many are giving their lives."

So, out of the \$40 he received from the State, each month he set aside \$6.25, representing 25 meals on his budget. In three months he had \$18.75 saved, and that went right into his first War Bond.

"I've just started buying bonds," he said with a smile. "I'm saving for my second one now. It's the least I can do."

The publication of that story caused a Marine Corps private to write to Mr. Merriam: "The boys in my hut all think you are as great an American as ever was. Any man who would go without a meal a day to buy War Bonds should be thanked in the right way. And, the only way we can thank you is by going across and whipping the living Hell out of the Japs for you. Again, thanks a million for what you are doing. And I am sure if all the men and women were doing as you are, the war would not last very long."

Flight 10 Smashes Through In Last Swimming Event

The swimming pool of the West Texas Buffaloes was the scene of a furious swimming battle between Flight Five and Flight Ten last Saturday morning, June 19. There were eight other flights entered in the meet, but in the early events it was clearly evident that this was principally to be a contest between the above named flights.

Don Smith, besides being high-point man, was the outstanding swimmer of the meet. He contributed six of the twelve points that Flight Ten scored, showing a versatility which proved an important factor in Flight Ten's scoring. Flight Five had no individual star, but several outstanding swimmers, namely: Maurice Hardy who swam the prettiest breast stroke that has been seen around this place in many a moon; Robert Daniels of Waco, who exhibited a mighty pretty crawl; and Goodrich, Maxomovich and Piske who each contributed points in several events.

Flight Five led Flight Ten all through the meet. When the last event came up they were still leading by three points. This event was a "Free-For-All." A watermelon was thrown into the center of the pool, and the contestants lined up on either side. At the signal of a whistle, the contestants went after the melon; the object being to see what swimmer could touch the melon against the bank on either side. This was run in two heats, the first being won by Kasonovich of Flight Seven, and the second by Patterson of Flight Ten who managed to get the melon to the bank and to score the necessary three points to tie the score.

Listed below are the winners of each event and their time:

CRAWL (25 yards)	
1. Smith, Flight 10	1:15
2. Maxomovich, Flight 5	1:23
3. Goodrich, Flight 5	1:31
BACK STROKE (50 yards)	
1. Stone, Flight 2	3:6.1
2. Stephenson, Flight 8	3:6.6
3. Tomes, Flight 10	3:9.2
BREAST STROKE (100 yards)	
1. Hardy, Flight 5	1:22
2. Simpson, Flight 8	1:32.5
3. Piske, Flight 5	1:48
FREE STYLE (200 yards)	
1. Smith, Flight 10	2:22
2. Daniels, Flight 5	2:28
3. Stone, Flight 2	2:49
RELAY (200 yards)	
1. Flight Five	
2. Flight Ten	
3. Flight Two	

Improvements Made In Cafeteria

Recently, there have been numerous changes which have taken place in the Detachment "Eating House." The sanitation of the cafeteria was greatly improved by the repairing of the screens over the windows and the addition of the new vestibule door at the entrance to eliminate the possibilities of insects from entering. The place has been fumigated twice and the extinction of the pests has proved successful. Ventilation fans are now on order to help better condition the cafeteria ventilation. It is hoped that these fans arrive soon. All of the employees in the Mess Hall now go about their duties in uniform.

It is hoped that this fine work will continue. Perhaps, the next improvement might be to better the conditions for obtaining drinking water in the cafeteria.

She: "You newspapermen are all alike, you try to squeeze every girl you meet."

He: "Freedom of the press, baby, freedom of the press!"

Lions and Rotary Barbecue Big Hit

Last Friday evening, with the stadium's grandstand nearly filled by spectators from the 350th College Training Detachment and the townspeople, the Will Rogers Range Riders entered to start the events off. The Range Riders entered in a procession, which was led by the American flag.

The stadium refreshment stand then pushed open its windows and gave the call "Come and get it." A delicious meal was served by the members of Rotary and Lions Clubs. Many of the members of these two organizations spent their entire day preparing the meal of barbecued steaks, beans, onions, pickles, potatoes, and coffee. The meal was well prepared and was thoroughly enjoyed by all the men of the detachment.

After the meal, the Will Rogers Range Riders put on an exhibition in riding. There were approximately 36 men and their well-trained horses. The Range Riders are a club composed of deputized men who help to maintain law and order.

Following the fine display of riding, the men turned their horses over to the men of the detachment, and a gala time was had by those who were fortunate enough to be able to ride one of the horses. This provided the men of the detachment with recreation that most of them had not had in a long while; also, it provided entertainment for many who had not seen much of horses.

After the rodeo show, a competitive drill was held between Flights 9 and 10, to decide upon the best drill squad of the detachment. The judges voted a tie between the two flights.

The events in the stadium then came to an end, and open-house was held at the detachment. For the first time, people were allowed on the detachment area and allowed to inspect the quarters of the men.

Slanguage

Bird Dog: The third party of "three's a crowd."
Bull: Superfluous conversation.
Dusty: Person short in stature, built too close to the ground.
Horizontal Engineering: Napping.
Old Roomie: One who shares your money, shaving cream, tooth paste, razor blades, etc.
Slick Shoulder: Student without rank.

Sugar Report: That sweet letter from the girl friend.
Weed: Cigarette.
Women: See Webster.
Chow: Breakfast, dinner, and supper, or breakfast, lunch, and dinner.

In the "Chow Hall" you might call some of that "grub" this:
Hot cakes—Blankets.
Catsup—Blood.
Meat—Bull-neck.
Eggs—Cackle.
Milk—Cow.
Dessert—Cush.
Pepper—Dirt.
Coffee—Dope.
Butter—Grease.
Hot cooked cereal—Mush.
Spinach—Popeye.
Salad—Rabbit.
Sugar—Saw dust.
Peas—Shot.
Pepper sauce—Shotgun.
Spoon—Shovel.
Pickles and Onions—Sour Rabbit.
Carrots or carrots and peas—Sunshine.
Jelly or preserves—Sweetstuff.
Toothpicks—Timber.

Sunday School Teacher: "What are heathens?"
Bright Boy: "Heathens are people who don't quarrel over religion."

"GREMLIN GAB"

News of Flight One

By Gene A. Hardy
and John V. Diener

The newly arrived members of Flight No. 1 wish to take this opportunity to extend their thanks to the members of the Lions and Rotary Clubs for the splendid barbecue and show which they gave the members of the College Training Detachment at West Texas State. Our Flight is composed of men from all over the country, and for many of them it was their first chance to see a real horse show. Many of the fellows took advantage of the chance to ride the horses, and all of us know what a thrill that is. For some of the fellows, it was their first opportunity to ride, and all of them are looking forward to another chance.

Although we have been here only a few days and are underclassmen, with the well-known restrictions, etc., we all feel that our stay here will be beneficial and very enjoyable. The organization of our basketball team is well underway and we feel that our Robert E. Lee is one of the best ball players on the campus. The team will be built around Mr. Lee's fast offensive, and will provide plenty of grief for the opposition. Last Sunday morning, Flight 1 defeated Flight 2 in a practice game, and gave fair warning to other opponents that they will be hard to beat. The tennis courts also have proved very popular with two doubles teams already offering a challenge to all comers. One of your correspondents has a young lady from the campus for a partner, and they think they will be hard to beat.

"Longhorn" Gunter, whose home is in Wheeler, Texas, practically rode the last hundred miles of our trip from the coast with his head out the window, so anxious was he to get back to his "country." Fortunately, his brother Malcolm, an ensign in the Navy, was home for a short leave, and was able to see his brother before leaving for active duty.

The men of this flight were pleasantly surprised by the friendliness of the young ladies on the campus. We all read the column in last week's paper about the Saturday night dances, and it seems that the young ladies were being neglected. However, any of the girls at last Saturday's dance can tell you that the situation has been remedied. Your correspondents attended the dance to investigate the situation, of course, and found that all the girls were being given a terrific rush. It is safe to say that no one need stay away for fear of being a wallflower. In fact, one young gentleman called the hall and ordered 50 girls. Well, that wouldn't have been too many.

Sunday afternoon, the swimming pool was crowded when the members of Flight 1 took their dates swimming. Anyone walking around the campus on Sunday afternoon would have discovered small picnics all over the campus. It really looks as though the boys and girls made a big hit with each other.

This about winds up our column for this week, but, in closing, we want to say "thanks" to all the young ladies, who made our first week-end here such a big success. See you all next week.

Burbles

Flight Eight

A sad occurrence has befallen one of Flight Eight's members. Allen E. Pumphrey received word Thursday that his beloved, for whom he was about to buy a ring, had forsaken him and married a 4-F.

Rising out of his lowly dumps long enough to utter a few words, Pumphrey has only this to say:

"To you men who have girl friends at home, go get a furlough."

Plain old laziness is the reason for Flight Eight not winning in the flight competition. The members just didn't want to do all that extra drill. The boys say that Flight Eight could have won "hands down," if they had wanted to.

The great footballer, the mighty man of this flight, whose spectacular picture in his school annual brings the admiration of everyone, was badly beaten last weekend in a bowling match by an eight-year-old kid. Isn't that right, Swede Sorenson?

If anyone has any old tires lying around, please donate same to John D. Riley. He had a little trouble Sunday.

Orchids to Rusty Stevenson, "Simp" Simpson, and Hans Neilson, the only three to place in the swim meet.

Would someone give a push to Jack Russell? He gets the prize for being the most bashful with the girls.

And Jack Pool wins the most aggressive award, even if he does tilt the cradle a bit.

"Slip Stream"

From Flight Two

Seeing that the fellows in flight two are new arrivals on the campus and haven't had much time to stir up the dust, this column will

be kindly short this week, but just give the boys a little time and then watch the dirt fly.

A/S Albert Gunter of Wheeler, Texas says he couldn't believe he was really back in the fair state until he wrapped his chops around some of that fine barbecue and got to ride one of the horses.

A/S Clarence Fisher from up Great Lakes way, says, soldiers have more fun than anybody. Looks like Mr. Fisher was doing alright at the dance Saturday night.

A/S Irving Roth spends most of his time waiting for a telephone call from his better half from New York.

A/S Claude Smith of Floydada, Texas couldn't find any girls to dance with Saturday night, so he called up the house mother at Randall Hall and asked her to send some girls over. Boy, did they come flying.

Flight two can boast one of the basketball quintets on the campus, if any of the other flight doubt this statement and want to do battle on the gym floor, just contact A/S Martin J. Olson down in Gremlins Castle.

Oh, yes, just in case some one wants to know what "slip stream" means, it's that gray smoke you get from the exhaust of planes flying at high altitude, boy, are we flying high.

Rudder Dust

Flight Ten

Once again we meet through Gremlin Gab trying to keep up on the gossip of Flight 10 and learn a little more about our brother flights. The days are slipping by rather fast now, and we are in the midst of our scholastic program. It seemed only yesterday that Flight 1 was preparing for their first take-off from the Canyon Air Port. Now, Flight 2 has already left and the next flight has started to fly. At first, it seemed an impossibility that our flight would ever fly, but now it looks as if we might make it yet.

Besides their school work, the boys of this flight rank in the upper bracket in every other event taken place so far in this detachment. This is proved by their being picked to represent Group II in a military drilling contest in which they tied with Group I. In the two sports events held thus far Flight 10 has placed second in the track meet and tied for first in the swimming meet. You're doing fine work so far, men, let's keep it up and climb to the top in everything from now on.

To start off our bit of gab today, we have some first hand information from Mr. Traeder on what will happen if cracker crumbs are placed between Alfonso Valls' bed sheets.

After a hard day of studying and Coach Miller's obstacle course, I felt that I had earned a good night's sleep. Oh! but those sheets felt grand; supposedly, not a care in the world. Well, there wasn't, anyway, until 6 a. m. the next morning, there came a swish and a splash which woke me up to find myself in a bed doused with ice cold water. Yes, I put crackers in Alfonso's bed and also suffered the consequences. Next time I'll know enough to put on a swimming suit because I will be expecting a foot-bath full of water at any inconvenient time during the night.

Someone ought to present Ranson (Red-Eye) Webb and Florene Nicholson with a small step ladder to correct the difference in altitude between the two.

Where is it that Bobbye Schiebungs lights out for every evening about chow time? Rumors have it, that Dorothy (Dot) Fryer has been packing a daily box lunch for two. Is that right, Bob?

Yes, it's finally happened! Fred Waibel got a date with that little blonde in the cafeteria. Keep your eyes peeled for further developments.

A short time ago Blair C. Woodside (The Wit) stood before Capt. Corbyn with knees knocking, teeth chattering, and sweat pouring off his brow. Yes—he got the marriage license, and as soon as his "Ohio Dreamgirl" arrives, he intends to tie himself to her apron strings "forever" (it says here).

And now, after glancing back at the accomplishments of a week gone by, we set our course into the future, and with motors roaring we kick up a cloud of rudder dust that will fill this column next week (we hope). From the men of Flight Ten—Hasta la Vista.

Switch On!

With Winston Churchill
Flight 9

Newly arrived "frehes-des-armees," the flight miners salute you! Into your eager hands they place the flaming torch of ye aude Permanent Party, and with it bequeath you traditions which they hope you will never betray, such as, beer guzzling in the cellars of Old Stafford (or any other cellar that's handy).

Because the opportunity seldom presents itself for him to talk to each of them personally, and since

he isn't much at speech making, "Loole" Durham takes this means of letting his gang know how much he appreciates the cooperation and spirit they have shown in making "Hell's Angels" the top flight in review competition these days.

Will the gremlin that sandwiches corn flakes in between our sheets kindly be considerate enough, hereafter, to top them off with milk instead of water? We'll have some sugar handy so we can enjoy our breakfast in bed. Thanks!

It's just one disappointment after another for the baseball team. They practice nightly but still no games. Madge Lawrence lured Jimmy Mack away from practice. We're wondering which of the three remaining "Angels" will be next, Ellingson, Hummert, or C. D. Johnson? Any bets?

Student Leto has pictures to prove the rattler stories of last week if any one cares to see them.

Guide Sergeant Kurrack returning from his five-day furlough had this to say, "The home town's deader than Casey Jones." We doubt that, though, since he spent the week-end in the hospital recuperating from the effects of his trip.

E. C. Johnson is the first flying casualty from this detachment; many students witnessed his flight at P. T. one day last week, when he went flying gracefully through the air, landing most disastrously on his p. t. (posterior).

Back home in Illinois, Jeannie Hopkins is dreamin' of the day when Kasonovich (pronounced Casanovich) will pay her that promised visit in his P-38. Jeannie's not the only one who's dreamin'.

Say, Gromfin, the boys would like to know where you found that shovel?

Sgt. Mjr. Kearney waxed and polished the floor all by himself on "G. I." night. His roomies say this was an unprecedented event. What's the matter, Sarg, guilty conscience?

Don Barber explained in detail to Louis Leto the "crime and punishment" of spittin' in ranks, to the whole flight's enjoyment.

Familiar sights hereabouts—flies! Rooms 13 and 14 in there fightin' from reveille 'til taps excepting Thursday nights after "lights out" when you'll find them cramming for Friday's exams, in the bathroom. Just one big happy (though a little crowded) family, from taps to reveille.

Hummert getting pushed all the way home on those three-mile runs. Caught Mathis tenderly holding McPeck's hand, gently caressing it, looking deep into Max's "pretty blue eyes," and murmuring, "Nina, my Nina. . . ."

Incidentally, Max is giving his pictures to pals gals. What goes?

Well, time's awastin', space's limited . . . switch on again next week and we'll see if we can't have a little more "pep" in our column . . . but for now, so long, and . . . switch off!

Stalling Around

For Grant Landfried—Mr. X

A fine thing letting a "watermelon free-for-all" count points at a swimming meet! Up until that miserable part of the meet, Flight 5, due to superior swimming as evidenced by their winning the relay and by the excellent individual performances of Daniels, Maxomovich, Hardy, and Piske, was in the lead. How can such a contest be fair when it is only a "first place affair?"

Had it been a contest with 2nd and 3rd places the outcome would not have been a dead lock, and the Flyin' Tigers do not believe Flight 10 would have tied them.

The laugh of the week: This was enjoyed by Element Z, composed of the best of Flight 5's Flyin' Tigers

and Flight 6's Eager (?) Beavers, Monday when Major BO-NI-VER, the little man with the gruff voice, stepped up to spin the prop. From all appearances the "Little Monk" was chinning himself on the prop. He finally gave up and with a feeble "switch off" turned the job over to a bigger and better (?) man, namely Don Cook, our laughing California.

If Robert Daniel doesn't get rid of that pet kitten, he is likely to get in trouble with a certain little gentleman at Wing Headquarters. Our little dynamo, Grant Landfried, isn't such a dynamic dynamo after all. A little ole sore throat put him in the hospital and kept him away from the Nat and those Maytag Interceptors out at the Base. Hope he gets out soon; our morale needs boosting.

Hey, Hewlett, has that letter from Indiana ever arrived? Neustadt, you best better get on the ball, son! Wonder when "Green-stamp" Given is going to invite us along to meet his charming friends in Amarillo. "Heinie" Barton is a real slave driver when he is in charge of a detail. Too bad he hasn't that same drive at P. T. and drill. We wonder if he is a real woman hater; maybe he has a secret love that nobody knows about. Flight Lt. Murphy was in his seventh heaven since his charming parents and flower from Texas U. were up for the week-end. Congratulations to Don Smith, high point man of the swimming meet; hope you haven't taken us

too seriously, Don. Flight 5 here-by challenges Flight 10 to another meet to determine the real champ. Bill Meyer considers himself a real horseman since his wild ride at the barbecue. He was just lucky. The horse was always where Meyer almost wasn't. Come, come, boys, quit hiding Sgt. Lee's little whistle! He might soon be a Lt. if another of his relatives gets on the beam and pays him a visit. Sure seems odd to have Charles Jenkins halfway on the ball. It's too good to be true and certainly can't last. Don Hinshaw had better take that dollar bill off the wall in his room. It's getting near the end of the month, and Mr. X is mighty broke.

We'll say "30" for now, leaving you with this thought: if the C. O. can put out as much overtime as he does why can't a few of you put in a little time helping with the column by contributing any news that you might have.

Troubles of this world are vain as billows in a tossing sea—Wordsworth.

Were I to live my life over again, I should live it just as I have done. I neither complain of the past, nor do I fear the future.—Montaigne.

Buy In Canyon

Officers and men of the 350th College Training Detachment will find it to their advantage to do their buying in Canyon. You will find friendly, courteous treatment at all times.

The people of Canyon appreciate your business, and are glad to be of service to you. You will find our prices lower than adjoining cities where high rents and high overheads prevails.

We hope that you will try Canyon business firms first before spending money making trips to other towns.

Canyon Chamber of Commerce

RATION REMINDER

Sugar: Coupon No. 13 good for 5 lbs. through August 15. Coupons No. 15 and 16 are good for 5 lbs. each for home canning purposes. Housewives may apply to their local boards for additional rations if necessary.

Coffee: Stamp No. 24 (1 lb.) good through June.

Meats, Etc.: Red Stamps J, K, L, M and N good through June 30. Processed Foods: Blue stamps K, L and M will continue good thru July 7.

DON'T TRAVEL UNNECESSARILY

To relieve crowded trains and busses, the public is asked not to make unnecessary trips. ODT has defined trips for the following purposes as non-essential: (1) To other cities to visit friends; (2) Home for the week-end; (3) Sightseeing; (4) To the theatre, races, or other places of amusement; (5) Any social travel or travel for pleasure; (6) Travel merely for the sake of going somewhere.

V-MAIL PICTURES FOR DADS

Photographs of children under one year of age of soldiers serving overseas or children born after the father has departed for overseas may be sent V-Mail under certain conditions, the War Department has announced. The regulation form must not be altered in any manner and the photograph is limited in size to not more than one-third of the correspondence space on the V-Mail form. The photograph must appear on the upper left-hand portion of the correspondence space. It may include the mother or some other person holding the child.

VICTORY TAX COLLECTIONS

The Victory Tax, which to date has been withheld from wages and salaries, above exemptions, at the rate of 5 per cent, will be included in the 20 per cent withholding tax plan provided for in the current

tax payment act, on or after July 1. Total victory tax collections as of June 5 were \$682,382.523.20.

STICKERS FOR RATION-FREE SHOES

Shoe dealers must put an official OPA sticker on shoes that are to be sold ration-free because of damage by fire, water, steam, or other accidental cause, the OPA has announced. The purpose of the sticker is to protect the customer against black market in shoes.

FROZEN FOODS PRICED

Consumer ceiling prices for frozen snap beans, corn, peas, and spinach of the 1943 pack will be about the same as current maximum prices for the 1942 pack, but prices for frozen strawberries and asparagus will be increased, OPA said recently. For asparagus, the increase will be about one cent a pound, and, for strawberries, between three and four cents a pound.

GAS AND TIRES FOR FARM MACHINES

To assist grain farmers in harvesting 1943 crops, the War Food Administration has made arrangements with ODT and OPA to assure owners of custom - operated machinery sufficient gasoline and tires to run their equipment, especially itinerant combine operators who will soon be working in the wheat harvest.

FOOLS FOR FARMERS

Wrenches, pliers, screw drivers and other mechanics' hand service tools should be more generally available to farmers and home mechanics as a result of an amendment of Order E-6 by WPB. The amended order, which is designed to bring a better distribution of these tools among consumers, sets aside from 20 to 25 per cent of the monthly production of specified tools for commercial distributors.

BARBED WIRE AVAILABLE

Approximately 20,000 tons of barbed wire with extra long barbs, made for military purposes, will be

used to meet a shortage of barbed wire on farms, according to WPB. The action is part of the Office of Civilian Requirements' program to make needed supplies available to farmers. The wire shortage was aggravated by the recent midwestern floods which washed out many miles of fence.

USED CAR GAS RATION

The purchaser of a used car may qualify for a gasoline ration to operate it, even though he is unable to get a tire inspection record from the previous owner, if he can satisfy the local board that (1) No tire inspection record ever was issued for the vehicle, or, (2) The buyer had been unable to get the record from the previous owner after diligent attempt.

LUMBER FOR FARMS

Five hundred million board feet of softwood lumber have been made available for farm needs by WPB and WFA under certain conditions. Preference ratings may be no higher than AA-2, ratings may not be assigned for lumber to be used in construction or repair of dwellings, or in construction subject to the provisions of conservation order L-41. Farmers apply on Form GA-201, lumber dealers on Form GA-202. This order is good thru September 30, 1943.

STABILIZED PRICE OF VEGETABLES

A program has been started that will maintain fair and equitable returns for the canning industry, at the same time preventing increases in consumer prices of green peas, snap beans, sweet corn, canned tomatoes and other primary tomato products. It includes: (1) No increase in the ceiling prices of canners; (2) The Commodity Credit Corporation will absorb part of the processing cost, caused by approved increased wages, to permit processors to obtain net returns from 1943 operations in line with the average net return during representative pre-war years. For minor vegetables, increase will be reflected in higher ceiling prices.

WAR EXPENDITURES UP 1 PER CENT

War expenditures by the U. S. during May amounted to 7 billion, \$373 million dollars, a one per cent increase over April. The daily rate of war expenditures averaged \$283,600,000 in May compared with \$280,400,000 in April.

TRAINING FOR FARM WORK

More than half of the men and women taking the rural war production courses offered by the War Manpower Commission are interested principally in the operation of farm machinery, food processing, and egg production. These three courses account for 62.4 per cent of the total number of persons in

training. The courses run anywhere from two to ten weeks, two to three hours per week.

INCREASE IN FARM MACHINERY

A new farm machinery and equipment order (WPB L-257) sets up quotas based on the actual needs of farmers for machinery and equipment as determined by the War Food Administration. The order, which becomes effective July 1, permits uncompleted quotas under L-170 to be produced in addition to quotas hereby established.

MORE FOREST FIRES IN '42

Forest fires last year burned over a total of 31,854,124 acres of United States woodlands, compared with 26,404,385 acres in 1941. The total number of fires in the first war year was 208,218, an increase of 8,516 over 1941.

STOCKING PRICES CHANGED

Maximum prices on stockings that contain yarn composed of silk twisted with rayon or cotton yarns have been fixed by OPA to allow for varying costs based on the gauge of the hose. Retail prices range from 79 cents for the coarse gauges (39 and lower) to \$1.25 for the finer gauges (51 and higher).

RELEASE FARM MACHINES

Manufacturers of milking machines, farm cream separators, and farm milk coolers have been authorized by the War Food Administration to distribute 100 per cent of their authorized production. This order makes no change in the rationing of retail sales.

STATES POOL ROAD MACHINERY

Thirty-five states, including Texas and Oklahoma, are now operating under the WPB program to pool government-owned road machinery. Under the plan, requirements for critical materials are greatly reduced by making available any surplus or idle equipment to any section of a state which urgently needs it.

CEILING PLACED ON ALFALFA

Alfalfa hay has been brought under price control by OPA in the states of Arizona, Nevada, Utah, Idaho and New Mexico, and in El Paso and Hudspeth counties in Texas. The maximum price is \$20 a ton, loose on the farm, ready to load with certain exceptions. This action should cause a reduction in price to the farmer.

MORE DEERSKINS NEEDED

Letters requesting cooperation in the WPB program to secure deerskins for army gloves have been mailed to 45 taxidermists in Texas, Oklahoma and Louisiana, regional WPB officials announced. Owners are asked to donate deer hides they own which were frozen in processor's hands last March, as state laws forbid sale of the hides. Collections are being made through regular trade channels, including taxidermists and tanners.

REA PROGRAM EXTENDED

The Department of Agriculture has announced new allocations of Rural Electrification loan funds to 16 states and Alaska. In the Southwest, allotments were made to: Indian Electric Cooperative, Inc., Cleveland, Okla., \$552,000; McCulloch County Electric Cooperative, Inc., Brady, Texas, \$15,000; Panola-Harrison Electric Cooperative, Inc., Elysian Fields, Texas, \$145,000; and Jasper-Newton Electric Cooperative, Inc., Kirbyville, Texas, \$185,000.

SHORN WOOL ORDER CHANGED

Shorn wool now may be sold direct to mills by producers and pools of producers instead of to the Commodity Credit Corporation as originally required, L. J. Cappleman, regional director of the Food Distribution Administration announced. The amendment to FDO 50 exempts from all requirements shorn wool produced in 19 Atlantic coast and cotton belt states, including Arkansas and Louisiana.

"A" BOOK RENEWALS START SOON

Application forms for renewal of basic "A" gasoline rations are being distributed this week, the OPA region office announced. The forms will be available at gasoline stations and other convenient locations to be announced by local War Price and Rationing Boards. After completing the portion of the form set off by heavy borders, the

Boeing Flying Fortress

Research begins... not in a test tube... but in the mind of a man.

Since Phillips Petroleum Company has the world's largest proven gas reserves, it was natural that the minds of hundreds of Phillips research men should early turn to the problem of new and better things from petroleum gases as well as from petroleum.

The resulting development, in the early 1930's, of POLYMERIZATION enabled the use of light petroleum hydrocarbons (gases) which until then had been regarded as by-products of little value. Soon, several years before

Pearl Harbor, they became feed stock for 100 octane gasoline.

Still other Phillips pioneering processes, alkylation, HF alkylation, and cycloconversion permitted the production of 100-plus octane aviation gasoline, a significant contribution to extra airplane horsepower.

Phillips was one of the first, and remains one of the largest manufacturers of high octane aviation fuels. Thus we see how the peacetime study and work of Phillips scientists is of great value in our all-out war on the Axis. Similarly, when victory comes, today's accelerated Phillips wartime research program should bring to the American motorist new and greater gasolines for his post-war car.

FOR VICTORY... Buy U.S. War Bonds and Stamps

applicant is to mail it to his local board, along with his current tire inspection record and the back cover of his present "A" book. Renewal books will be mailed to card owners before July 21, the date on which current A coupons expire.

I find friendship to be like wine, raw when new, ripened with age, the true old man's milk and restorative cordial.—Thomas Jefferson.

A farmer was trying to sell a broken-winded horse to the Army and was trotting him around for inspection. He stroked the animal's back and said to the Army buyer, "Hasn't he got a lovely coat?"

"Sure," agreed the Army buyer who had noticed that the horse was touched in the wind, "his coat's all right, but I don't like his pants."—The Shipyard News.

Cowards die many times before their deaths; The valiant never taste of death but once. Of all the wonders that I yet have heard, It seems to me most strange that men should fear; Seeing that death, a necessary end, Will come when it will come.

Wayside Items

Rev. Vaughn of the Assembly of God Church, Amarillo, gave us an excellent message Sunday morning. He was accompanied by his wife and three children, the two older children sang a special song.

Sgt. Bill Heisler, who is stationed at Frederick, Okla., visited home folks over the week end.

Mrs. Jessie Chloe Lane of Happy visited home folks over the week end.

La. Nora Mahler is doing office work for Wheat Growers Elevator at Happy.

Several have begun harvesting their wheat in this community.

Mr. and Mrs. W. R. Franklin and Glen were Happy, Canyon, and Amarillo callers last Thursday.

Kerry Neil Franklin spent from Thursday until Sunday in the home of his grand parents, Mr. and Mrs. W. R. Franklin.

George Hancock and family spent Father's Day in the parental W. L. Lane home.

Roy Franklin and family visited Sunday in the W. R. Franklin home.

W. R. and Glen Franklin are putting a metal granary together for Melton McGehee.

Nature, like man, sometimes weeps for gladness.—Beaconsfield.

Vacation Bible School Starts at Baptist Church

The annual Vacation Bible School for all boys and girls of the community will begin with the registration session at the Baptist Church Saturday afternoon at 2 o'clock. At this time a brief session will introduce the work of the following two weeks when the school will be held from 8:45 to 11:45 each morning. Refreshments will be served at the Saturday session and games will be played.

Miss Eula Potter of Cooper, Texas, will be principal of the school and will be assisted by twenty or more local people who are being given special training this week by Claude W. White, Department superintendents will be Mrs. John Davis, Mrs. Claude White, Mrs. R. C. Hillier and Mrs. Mark Laughery. There are no charges for any child, and the pastor, Dr. Roy L. Johnson, says children from other churches and of no church are especially welcome. Those who register Saturday will have an advantage, but others may enter any time the next week. Certificates will be given all those with perfect attendance.
